Stand Up Against... **WEST PARK**

Our Board of Supervisors will decide its fate
Tuesday, April 22

Attend, stand up and speak out against the largest project ever proposed for Northern California
9 a.m. – Supervisors Chambers, 1010 Tenth St., Modesto.
You may speak if you wish, but must first fill out a form.
Time is limited to 3 minutes.

HERE ARE THE ISSUES...:

- Loss of prime agricultural land
- Further ag loss due to housing demand
- Need for major road building to site
- A projected 141,000 vehicle trips a day on and off site
- Questionable water availability
- Potential air pollution problems
- Safety concerns with major increase in rail traffic down West Side

WS-PACE.org SUPPORTS:

- ☐ Development of the original 1,527 acres of public property at the former Navy base -- but not 4,800 acres.
- ☐ Industrial growth directed to the counties 9 cities where over 5,000 acres are available.

WS-PACE.org OPPOSES:

- ☐ Development of the former Navy base as a huge rail yard and second Port of Oakland.
- ☐ The use of taxpayer dollars for private development, as well as increased water and air pollution issues.

A Message From Our President...

Since WS-PACE.org organized in May 2007, much has been learned about the humongous West Park project proposed for the Crows Landing air facility. Our Executive Committee has met almost weekly, and countless hours have been spent seeking information, sorting out facts and figures, and acquainting ourselves with the scope of the proposed industrial development.

We don't like what we see. Should West Park proceed, it is our belief that our way of life on the West Side would drastically diminish – not immediately, but certainly over a period of years. We would experience a major demand for additional housing, fall under the control of big-dollar developers, and see our agricultural base erode. WS-PACE.org has plenty to fight for, and we have plenty of fight left should our county Board of Supervisors give the project the green light.

We've attended many governmental meetings, including 7 of the 9 cities in the county; held public meetings in Newman and Crows Landing as well as Patterson; advertised our position countywide; met with developer Gerry Kamilos; sent hundreds of letters to a variety of state and area officials; worked closely with the Patterson City Council; met with top editors of the Modesto Bee; spent considerable time on-line; raised funding; have been interviewed on radio and television as well as by area newspapers; and have met with special interest groups. And we're just starting.

I want to thank our Executive Committee members and those who have helped swell our membership to over 1,100. Thanks to everyone for your support, your ideas, and your encouragement.

Ronald Swift
